

WELCOME TO CRAFTOLA

CRAFTING A SUSTAINABLE FUTURE
CRAFTING FOR A GREENER TOMORROW, TODAY

INTRODUCTION TO CRAFTOLA

- Craftola is a creative initiative that transforms waste materials into beautiful, functional handmade products.
- It promotes sustainability through art and innovation, encouraging people to see value in discarded items.
- Each Craftola creation reflects eco-conscious design and creativity.
- The initiative embodies the spirit of recycling, where imagination meets responsibility.

Problem statement

What problem are we solving?

- Increasing waste generation is harming the environment.
- There is a need for creative, sustainable solutions to convert waste into useful products.
- Younger generations are moving away from traditional crafts
- Limited branding and digital presence for Odisha crafts

Our solution

How our business helps

- Transform waste materials into functional and aesthetically pleasing handmade products.
- Promote sustainability through creative design and innovation.
- Encourage eco-conscious thinking by showcasing the value of recycled materials.
- Online and offline sales channels

Products & Services

- *What you sell*
- Handcrafted home decor
- Tribal and traditional artwork
- Eco-friendly gift items
- Customized art & craft products
- Workshop & craft experience sessions (*optional*)

Target Market

Who will buy your products?

- Urban customers seeking handmade & sustainable products
- Tourists and cultural enthusiasts
- Corporate gifting segment
- Online customers (India & global)

Unique Value Proposition

Why our business is different

- Unique handmade products created entirely from upcycled waste materials.
- A perfect blend of sustainability, creativity, and functionality.
- Eco-conscious designs that reduce waste and promote responsible living.
- Each product tells a story of recycling and innovation
- High-quality handmade products with cultural storytelling

REVENUE STREAMS

- Sale of upcycled handmade products.
- Customized or made-to-order eco-friendly products.
- Workshops and DIY recycling craft sessions.
- Corporate or bulk orders for sustainable gifting.
- Collaborations with eco-friendly brands and events.

CONCLUSION

- Craftola demonstrates how waste can be transformed into valuable, functional art.
- It promotes sustainability through creativity and responsible design.
- The initiative inspires eco-conscious living by blending imagination with recycling.

Thank You

TOGETHER, LET'S TURN WASTE INTO WONDER.
